

PATRIOT

Front Fold

As you've come to expect of the off-road camper trailers in the Patriot forward fold range, the interior of the Front Fold is about as luxurious as they come. There's a full queen-sized bed and a plush 80mm high density foam mattress, so that no matter where your adventures take you, you'll be fresh and ready to take on the day, every day. A well thought-out design means the Front Fold has plenty of storage space thanks to the under seat storage. The Front Fold features internal LED lighting as standard, cig sockets and USB ports for powering your 12v devices and there is even a quality blue-tooth enabled stereo system so you can enjoy your favourite tunes wirelessly.
